RE: WC Docket No. 10-90: Lifeline and Link Up Reform and Modernization, WC Docket No. 11-42

Pursuant to Section 54.313 and 54.422 of the Federal Communications Commission's rules and in accordance with the guidance of the Public Notice issued August 6, 2013, enclosed is the 2013 annual report and certifications for Windstream Study Area Code 351167 located in Iowa.

This filing contains a redacted (200) Service Outage Reporting (Voice) form. The information that was redacted is considered Confidential by the FCC and would cause Windstream to reveal proprietary information and trade secrets and cause damage to its competitive position.

Should you have any questions, please contact me via email at jeff.l.heacox@windstream.com or by phone at 501-748-5390.

Sincerely,

Jeff Heacox
Staff Manager Compliance Reporting

<110>	Has your company received its ETC certification from the FCC?	(yes / no) <input type="radio"/> <input checked="" type="radio"/>
<111>	If your answer to Line <110> is yes, do you have an existing § 54.202(a) "5 year plan" filed with the FCC?	(yes / no) <input type="radio"/> <input type="radio"/>

If your answer to Line <111> is yes, then you are required to file a progress report, on line <112> delineating the status of your company's existing § 54.202(a) "5 year plan" on file with the FCC, as it relates to your provision of voice telephony service.

- <112> Attach Five-Year Service Quality Improvement Plan or, in subsequent years, your annual progress report filed pursuant to 47 C.F.R. § 54.313(a)(1). If your company is a CETC which only receives frozen support, your progress report is only required to address voice telephony service.

Name of Attached Document (.pdf)

Please check these boxes below to confirm that the attached PDF, on line 112, contains a progress report on its five-year service quality improvement plan pursuant to § 54.202(a). The information shall be submitted at the wire center level or census block as appropriate.

- <113> Maps detailing progress towards meeting plan targets
- <114> Report how much universal service (USF) support was received
- <115> How (USF) was used to improve service quality
- <116> How (USF) was used to improve service coverage
- <117> How (USF) was used to improve service capacity
- <118> Provide an explanation of network improvement targets not met in the prior calendar year.

Line 510-Description of Compliance with Service Quality Standards and Consumer Protection:

The Windstream ILEC companies certify that they comply with applicable state and FCC service quality standards.

1. Service quality metrics are monitored and reviewed each month
2. Windstream is founded on integrity. All employees are required to complete a course on integrity each year.
3. Windstream employees have at their disposal our People Practices Overview Course which is a general overview of the guidelines that govern all Windstream employees.
4. Windstream's CPNI training manual documents when personnel are, and are not, authorized to use CPNI. This Manual constitutes Windstream's policies and procedures related to CPNI. All employees are required to follow the policies and procedures specified in this manual.
5. Windstream IT has in place numerous measures to insure the integrity of the network and the customer data that resides on the network. The network is monitored 24/7 and periodic reviews of the security processes are performed.
6. Windstream makes every attempt to achieve one-call resolution on customer invoice issues.
7. Windstream has developed a program to help spot the Red Flags of identity theft, which is consistent with the FTC's guidelines, and has procedures in place to mitigate the potential damage of identity theft.
8. Windstream has implemented our Customer Account Protection Plan (CAPP) to provide increased security against unauthorized changes (cramming) to customer accounts. This plan requires third-party carriers to have a customer's passcode to change the customer's service or or access the customer's account information.

Line 610 – Description of Functionality in Emergency Situations

Windstream certifies that it is compliant with applicable rules on service provision in emergency situations. Windstream central offices are designed to withstand limited commercial power failures through the use of emergency batteries supplemented by on site or portable generators. Windstream personnel perform routine maintenance on this essential equipment based on the manufacturer's service recommendations and Windstream service practices. The backup batteries are load tested routinely and the on site generators are tested monthly.

Windstream's network is engineered to handle traffic spikes that can occur as the result of emergency situations. The network is monitored 24/7 by our Network Operations Center ensuring quick response whenever and where ever it is needed. Network redundancy is built into our network where ever possible to ensure alternate routing is available when necessary.

Frank Blackcloud, Chief
Meskwaki Sac and Fox Tribe
349 Meskwaki Rd.
Tama, IA 32339

Re: Request for Meeting to Discuss Telecommunications Facilities and Needs Assessment on Tribal Land as required by the Federal Communications Commission

Dear Chief Frank Blackcloud:

The Federal Communications Commission ("FCC") recently issued an Order requiring telephone companies to reach out to Tribal governments in their service areas to discuss tribal communication needs including the following: a needs assessment, deployment planning with a focus on tribal community anchor institutions, feasibility and sustainability planning, marketing services to the tribal community, rights of way processes, land use permitting, facilities siting, environmental and cultural preservation review processes, and Compliance with tribal business and licensing requirements.

In addition, the FCC's Office of Native Affairs and Policy ("ONAP") issued a Public Notice on July 19, 2012 providing additional guidance regarding the engagement with out to tribal governments stating:

This guidance is intended to "lead to a common understanding between Tribal governments and communications providers receiving USF support, on the deployment and improvement of communications services on Tribal lands. The Tribal engagement obligation is intended to benefit Tribal government leaders, service providers, and consumers living on Tribal lands, ultimately providing greater connectivity to 21st century economic opportunities, education, health care, and public safety. This obligation is related to the very essence of universal service – facilitating and supporting connectivity to and from the most remote areas of our nation inures to the benefit of all. Requiring Tribal engagement is intended to begin and, in some cases, to strengthen, the dialogue between communications providers and Tribal governments. We anticipate that genuine dialogue and common understandings will ultimately lead to improvement of communications services on Tribal lands."

We would like the opportunity to schedule a time to meet with you and other tribal officials to discuss tribal communication needs, marketing opportunities to the tribal community, right of way processes, land use permitting, facilities siting, and environmental and cultural preservation.

I will be in the area next week from October 24 through the 26th. Would you be available to meet during this time?

Please contact me at 501-748-7442 to schedule a meeting time.

I look forward to hearing from you and the opportunity to discuss these important issues.

Sincerely,

Tim Loken
Director – Regulatory Compliance
Windstream Communications

OCT 24 2013

FCC Mail Room

**Minutes of the Sac and Fox tribe of the Mississippi in Iowa (Meskwaki) Tribal Engagement
October 25, 2012**

Objectives of the meeting – The FCC is now requiring that telecom providers engage with tribal communities that we serve. A copy of the July 19, 2012 Public Notice was provided (DA-12-1165).

This will allow for a more open dialog between Windstream and the Meskwaki Tribe, to understand, understand the Tribe's needs, facilities and services that are important for the Meskwaki Tribe. The FCC requirement is to incent telecom providers to have open and honest discussions on needs, problems and build a working relationship between Windstream and the Meskwaki Tribe.

We appreciate the Tribes willingness to meet and discuss these issues.

In summary, the FCC requires Windstream to:

- 1) Needs assessment and deployment planning particularly with Tribal community anchor institutions like schools, libraries, government offices, and community centers.
- 2) Feasibility and sustainability planning – what can we do practical and reasonable with certain types of build out
- 3) Marketing services in a culturally sensitive manner – trying to ensure that marketing process taking into account specific needs.
- 4) Rights of way, land use permitting – process with BIA – have experience in this- need input from you on your needs
- 5) Tribal license requirements or permits – identify permit requirements as needed – is there a specific process that we should be adhering to.

Discussion of Tribes needs assessment, feasibility and sustainability planning.

- Currently Windstream is providing broadband to the entire settlement area with 12Meg service to a portion of the settlement near the casino and 1.5Meg to the remainder of the settlement.
- The Meskwaki Tribe initiated a federal broadband project to lay fiber to the school, tribal center, the health clinic, and 196 homes. This project should be completed in the 4th quarter of 2012. This is primarily in the areas where Windstream is currently providing 12Meg service
- Windstream is also providing a 200 Meg fiber circuit to the settlement health clinic. The Meskwaki Tribe is utilizing this circuit to deploy broadband to the anchor institutions and homes mentioned above.
- Windstream identified the best way to obtain service is to call 611 on your phone. This will route the call to the proper location to be able to initiate service

Discussion of Meskwaki's Deployment Planning

There are no issues at the moment. The 200Meg circuit was recently tested at 185Meg. This circuit should be in use by November 1st.

Marketing in a culturally sensitive manner

- The Meskwaki Tribe has not initiated marketing of the fiber service.

OCT 24 2013

-CC Mail Room

- The Meskwaki Tribe would like to know if Windstream would communicate this information in the Windstream customer bills. This will be looked into and a response provided to the Tribe.
- The Meskwaki Tribe leaders would like Windstream to provide a Lifeline/Link-up informational flyer for the Tribe members. The flyer to be available at anchor institutions and to emphasize a line is available for each economic unit (even if within the same residential location).

Rights of Way

- There is no clear indication as to what Windstream lines are live vs. abandoned. The Meskwaki Tribe leaders would like information to be able to identify valid lines going into the tribal office, or other institutions.
- Does Windstream have any documentation regarding rights of way that were established? The tribe was not able to locate any.

Business and licensing requirements

- Windstream currently does not have a business license. Windstream will work with Ram Dhanwada to obtain the required information to complete the form.
- Tribal exemptions for federal and state taxes – some customers are paying taxes where they should be exempt. Windstream will obtain information showing the customers that have not completed the proper exemption form and provide that to Ram Dhanwada.
- Windstream will also look into whether a form is required if all of the customers within the 641-484 exchange are within the Tribal settlement and are members of the Meskwaki Tribe.

Other Items

Partnering with Windstream – The Meskwaki Tribe is interested in partnering with Windstream to set up a phone company similar to what has been done with a number of other Tribes within the country. Windstream will look into this request.

Action Items

1. Tim Loken to provide listing of customers that are paying taxes but should be exempt and whether a form is required for all customers.
2. Tim Loken to determine whether a text message can be provided to customers that can utilize the Tribe broadband service.
3. Tim Loken will provide a Lifeline/Link-up Flyer to the Tribe for distribution at anchor institutions.
4. Ram Dhanwada to provide the business license form
5. Roger Reker to provide a list of T1 circuits by address to assist in troubleshooting efforts
6. Tim Loken to address Meskwaki request to partner with Windstream to establish their own phone company

LIFELINE SERVICE

Definition

- A. Lifeline Service is a retail local service offering available to qualifying low-income residential customers and is provided pursuant to the FCC Order 12-11 released on February 6, 2012.

Discounts

- A. The following credits will apply for customers deemed eligible for Lifeline assistance:
Monthly Credit

Federal Credit \$9.25

State Credit to Residential Access Line Varies by state

- B. The monthly discounted residential rate for qualified low-income customers may not be reduced below zero. Therefore, the credit amount defined in A. above shall not exceed the total of the subscriber line charge and the customer's normal residential local exchange service rate.

General

- A. The Company shall offer toll blocking to all qualifying low income customers at no charge at the time such customers subscribe to Lifeline service. If the customer voluntarily elects to receive toll blocking, the service shall become part of the customer's Lifeline service and all service deposits will be waived.
- B. Lifeline program rate reductions do not apply to long distance service or any other services (i.e., Custom Calling, CLASS, construction charges, etc.) which may or may not be tariffed. Customers may obtain such services, where available, at their discretion, although the Lifeline program rate reduction does not apply.
- C. Lifeline program service will not be available on a retro-active basis.

Eligibility Requirements

- A. The Lifeline program rate reduction shall apply to one (1) telephone line per residential household, at the subscriber's principal place of residence. Service is limited to only one Service per qualified customer or household; within this section, 'household' is defined as "any individual or group of individuals who are living together at the same address as one economic unit," with an 'economic unit' defined as, "all adult individuals contributing to and sharing in the income and expenses of a household."
- B. The service must be provided in the eligible customer's name.
- C. An applicant whose household income is at or below 135% of the Federal Poverty Guidelines, or who participate in one of the following programs:

Medicaid
Food Stamps
Supplemental Security Income
Federal Public Housing Assistance
Low Income Home Energy Assistance Program
Temporary Assistance to Needy Families
National School Lunch's Free Lunch Program

- D. The customer must sign, under penalty of perjury, a document certifying:

He/she is receiving benefits from one of the programs listed in C. above.
Name of the program(s) from which they are receiving benefits.
That he/she will notify the company if he/she no longer participates in the program(s) named in C. preceding.

The applicant must also supply the name of the program(s) from which they are receiving benefits and provide documentation supporting participation in the program(s). That he/she will notify the company if he/she no longer participates in the program(s) named in C. preceding.

- E. Customers qualifying for Lifeline Service are offered the services or functionalities enumerated in 47 Code of Federal Regulations §54.101 (a) (1)-(8) (relating to Supported Service for Rural, Insular and High Cost Areas).
- F. The Company has certification processes in place which at the time of enrollment requires a documentation review that confirms the consumer's household eligibility. The Company will retain copies of the self-certification records of both the applicant and the Company. A Company officer will attest that these procedures are in place.
- G. The Company will annually verify the continued eligibility pursuant to the FCC Order 12-11 released on February 6, 2012.

Credits and Deposits

- A. The credit verification procedures available for all applicants who apply for service with the Company will also be used for applicants who apply for service under the Lifeline program.
- B. The deposit standards used for all applicants who apply for service with the Company will also be used for applicants who apply for service under the Lifeline Program with the exception that deposit requirements will be waived for Lifeline Service applicants who voluntarily elect to subscribe to toll blocking service.

Service Charges

- A. Service charges do not apply when eligible customers with existing residential service convert to Lifeline Service.
- B. A service order deposit is not applicable to customers who elect toll blocking when initiating Lifeline service.
- C. A service order charge does apply when:

At the time Lifeline Service billing is initiated, eligible residential local exchange access service customers also request additional optional calling features such as Custom Calling Features, CLASS features, etc.

Any subsequent moves or changes after the initial connection to Lifeline service are requested by the customer.

Service is established for new residential applicants (those without existing local exchange access service) eligible for Lifeline Service.

Payments and Disconnection of Service

- A. Lifeline service may not be disconnected for non-payment of toll charges. In addition, the Company will not deny re-establishment of local service to customers who are eligible for Lifeline Assistance and have previously been disconnected for nonpayment of toll charges.
- B. Partial payments that are received from Lifeline customers will first be applied to local service charges and then to any outstanding toll charges.
